SUMMARY

Front-end developer who builds clean, responsive, accessible web interfaces and ships them to production. Founder of ZJP Ventures, delivering seven live client sites end-to-end with JavaScript, HTML/CSS, and Webflow; builds modern UIs with React, Next.js, and TypeScript. Full-stack capable with Python, Node.js, and REST APIs. Associate's degrees in Computer Science and Information Technology; strong troubleshooting, documentation, and client communication skills transferable to IT support and help desk roles.

SKILLS

JavaScript (ES6+), HTML5, CSS3, React, Next.js, TypeScript, Tailwind CSS, Python, pandas, Streamlit, Node.js, REST APIs, SQL, Git/GitHub, WordPress, Shopify/Liquid, Webflow, Render, Netlify/Decap CMS, Twilio, Google Apps Script, SEO/GA4, Technical Troubleshooting, Client Support & CRM

EXPERIENCE

Front-End / Web Developer, Founder | ZJP Ventures LLC (Self-employed)
Jan 2024 – Present | Chicago, IL (Remote)

- Built and deployed seven production client sites (HTML/CSS/JavaScript, Webflow, Render/Netlify) with responsive, mobile-first, cross-browser layouts.
- Own the full UI layer from semantic HTML5/CSS3 through form handling and data-fetching against REST APIs; deliver accessible, on-brand interfaces.
- Integrate front-ends with live back-end services (Node.js, Google Apps Script, Twilio) for lead capture, automated SMS/email, and scheduling.
- Built a DTC Shopify storefront with custom Liquid theming and responsive UI (Klaviyo, SEO, GA4). Daily Git/GitHub workflow with modern AI-assisted development tools.

Account Manager | Globe Life – Liberty National Division
May 2024 – Dec 2024 | Lisle, IL (Hybrid)

- Advised families on life insurance solutions; managed client relationships via clear communication and CRM tracking.

Painter | LBC
Feb 2020 – May 2024 | LaGrange, IL

- Delivered consistent, deadline-driven work in a customer-facing trade role.

Earlier Experience: Crew Member roles at AMC Theatres and Chipotle Mexican Grill (customer service, teamwork).

PROJECTS

- **Predictive Trading Dashboard** *(Python, Next.js 16, React 19, TypeScript, Tailwind CSS)*: Python paper-trading bot consuming live market data via REST/WebSocket with configurable risk limits; Next.js/React/TypeScript dashboard with charts and an API route for state updates.
- **Nails x Brianni** *(JavaScript, Calendly, Decap CMS, Netlify)*: Mobile-first JavaScript booking site driven by a single config file, with Calendly booking and a Decap CMS admin so the owner can edit content without code.
- **Men Identity Hair Studio** *(HTML/CSS/JavaScript, PWA, Render)*: Installable progressive web app for a Chicago salon (web manifest, icons, social previews), deployed on Render.
